## Experience

**Frontier Design Office**

*Design Engineer*

July 2026 - *Present*

- Collaborated closely with a senior designer to redesign and refine marketing websites for clients including Projectory and SHEN Foundation. And developed & shipped changes live.
- Bridged design and development throughout the process, rebuilt the client's marketing site and implemented a custom design system directly in code, using design tokens and reusable components to maintain consistency across the redesigned website and all newly added pages.
- Integrated backend functionality across platforms including PagesCMS and Pipedrive using modern AI tools, ensuring that Figma designs translated accurately into responsive, functional implementations, without breaking production.

**Visugenie**

*Product Designer*

Mar 2026 - June 2026

- Designed & Implemented a customized "Product onboarding experience" on sign-up as well as redesigning key user flows to improve clarity and efficiency, reducing task completion from 5 steps to 3 and load times from approximately 8 seconds to 3 seconds.
- Developed responsive design systems and translated Figma components directly into production code across multiple screen sizes.
- Designed landing pages and marketing materials for an AI real estate platform serving major agencies including RE/MAX and Century 21.

**RGD Mentorship · Distro Disco**

*UX/UI Designer*

Nov 2025 - Apr 2026

- Led UX research and shaped the product and visual direction for a mutual aid coordination platform, translating research findings into interface decisions.
- Designed the UI and developed a working prototype, presenting the product strategy and design rationale to RGD stakeholders at Project Review Night.

**YES!26 · GBC Graduation Show**

*UI/UX Designer & Researcher*

Nov 2025 – Apr 2026

- Designed the visual identity, design system and end to end website experience for George Brown College's annual graduation exhibition.

**Aroma Espresso Bar**

*Customer Experience*

Oct 2022 – Present

- 4 years managing high-volume operations and competing priorities alongside full-time studies and active project work
